

STATE OF THE STATES:

PAID FAMILY AND MEDICAL LEAVE (PFML) OVERVIEW

Prepared by **FullscopeRMS®** | Q3 2023

STATE OF THE STATES

State-Mandated Disability Insurance and Paid Family and Medical Leave (PFML) Overview

Over one-quarter of U.S. states have enacted statutory disability or PFML programs. Many of these programs are already in place while others will be rolled out over the next few years.

In general, state-mandated short-term disability programs provide partial pay replacement to workers who are ill, injured, or otherwise, become disabled. Though similar, the rules on eligibility, the amount of wage-replacement benefits, and how the statutory disability plans operate vary significantly between states.

Paid Family Leave (PFL) and its broader PFML counterpart continues to grow in popularity as more states propose, enact, and launch their own programs. PFL/PFML is intended to ease employees' financial burden when they require time off work to care for an ill family member or bond with a new child. These state PFL/PFML programs vary significantly, often with different eligibility requirements, funding mechanisms, length of available leave, percentage of wage replacement, job protection, and more.

The current State of the States is complex and evolving. This publication is intended to keep you informed about these ever-changing leave and benefit requirements.

CALIFORNIA

State Disability Insurance (SDI) and PFL

Covered Employer: Employers of one or more employees with a quarterly payroll of \$100 or more. Employers of domestic employees with a quarterly payroll of \$750.

Employee Eligibility Requirements: Employee must have been paid \$300 in wages during the base period.

Reasons for Leave:

- SDI: Eligible employees who are unable to do their regular or customary work for at least eight consecutive days.
- PFL: Eligible employees who take time off for a family member's qualifying military exigency or to care for a seriously ill child, spouse, parent, parent-in-law, grandparent, grandchild, sibling, or domestic partner. Benefits are also available to bond with a new child entering an employee's life by birth, adoption, or foster care placement.

Benefit Duration:

- SDI: Up to 52 weeks.
- PFL: 8 weeks in a 12-month period.

Benefit Amount: The weekly benefit amount for both SDI and PFL is 60 to 70 percent (depending on income) of wages earned, up to the maximum weekly benefit amount. Weekly benefits range from \$50 to \$1,620 (2023).

Funding Mechanism: The state-administered plan is funded by employee contributions taken as deductions from each employee's paycheck. For 2023, the withholding rate is 0.9%, up to a taxable wage limit of \$153,164 per employee, with a maximum annual employee contribution for 2023 of \$1,378.48. Note: Beginning January 1, 2024, the taxable wage limit for contributions will be removed.

Private Plan Option: An employer can opt-out of the state plan by providing a private plan that offers all the benefits of the state plan and exceeds the state plan benefit in at least one provision. To be approved for a voluntary plan, the employer needs the written approval from the majority of eligible employees and must post a security deposit.

IMPORTANT DATES

June 2023: The California Employment Development Department (EDD) changed their online system for filing for SDI and PFL benefits. Users are now required to set up an account through [myEDD](#) which will then provide access to SDI Online to file and manage SDI and PFL claims.

January 1, 2024: The taxable wage limit for contributions will be removed, meaning high income earners will pay contributions on their entire income. In addition, California changes to the withholding rate and maximum weekly benefit go into effect for 2024.

Note about San Francisco: For bonding leave, the San Francisco Paid Parental Leave Ordinance (SF PPO) requires employers to pay "supplemental compensation" to employees in San Francisco so that the total of CA PFL and SF PPO equals 100% of an employee's gross weekly wage, subject to a cap.

COLORADO

Family and Medical Leave Insurance Program (FAMLI)

Covered Employer: A covered employer includes any person engaged in commerce or an industry or activity affecting commerce that employs one or more person each working day during each of 20 or more calendar workweeks in the current or prior calendar year, or that has paid wages of \$1,500 or more during any calendar quarters in the preceding calendar year.

Employee Eligibility Requirements: Any employee is eligible if they have worked for a covered employer and earned at least \$2,500 in wages subject to premium during the person's base period or alternative base period. Self-employed persons can elect coverage. An employee of a local government can also elect coverage where the local government has declined participation in the program.

Reasons for Leave: Leave reasons include:

- Bonding with the employee's newborn or newly placed child within a year of the birth, adoption, or foster care placement;

- Employee's own serious health condition;
- Qualifying military exigency, and
- Need for safe leave

Benefit Duration: The maximum available leave that can be taken for any leave reason is 12 weeks. However, an additional 4 weeks of leave is available due to a serious health condition related to pregnancy or childbirth complications. Therefore, the maximum available leave is 12 or 16 weeks. The leave maximums are available per "application year" which is measured as the 12-month period beginning on the 1st day of the calendar week in which an employee files an application for family and medical leave insurance benefits..

Benefit Amount: Benefits are paid at 90% of the employee's average weekly wages up to 50% of the state's average weekly wage. Funding Mechanism: Funding for the program began on January 1, 2023 and is funded 50/50 by both employees and employers. The premium from 1/1/23 through 12/31/24 will be 0.9% of each employee's wages, up to the Social Security annual taxable wage cap (which is \$160,200 for 2023), with 0.45% paid by the employee and 0.45% paid by the employer. Employers with fewer than ten employees, however, do not need to pay the employer portion of the premium.

Private Plan Option: Employers can apply for a private plan exemption if they have a plan that confers the same rights, protections and benefits provided to the employees under the state program and does not cost employees more than the premium charged through the state program. Employers with self-insured plans must post a bond with the state. If the employer's private plan is fully insured, the policy must be issued by an insurer approved by the State's Insurance Commissioner. The state currently is accepting applications for private plans. Employers are still expected to pay premiums to the state for 2023 and if they apply for a private plan exemption by October 31, 2023 for a plan that is effective January 1, 2024, the state will refund paid 2023 premiums to the employer.

Benefit Duration: Eligible employees in Oregon are entitled to 12 weeks of paid leave. Women with pregnancy related medical conditions may take two extra weeks for a total of 14 weeks of paid leave.

Benefit Amount: Employees who earn 65% of the state average weekly wage or less will be paid 100% of their average weekly wage. Employees who make greater than 65% of the state average weekly wage will be paid 65% of the state average weekly wage plus 50% of the employee’s average weekly wage that exceeds 65% of the state average weekly wage. The maximum weekly benefit is capped at 120% of the state average weekly wage, or \$1,523.63 for 2023.

Funding Mechanism: The cost of the program is shared by employers and eligible employees. For 2023, the contribution rate is 1% of the employee’s wages, up to a maximum of \$132,900 of wages (\$1,329 contribution per year). Employers with 25 or more employees will contribute 40% of that premium and will collect 60% (of that 1%) through a payroll deduction from employee wages. Employers with fewer than 25 employees are not required to contribute the employer 40% (though are “encouraged” to do so).

Private Plan Option: Employers may apply to have an approved Private Plan to replace the State Plan. The private plan must be equivalent to the states’ Program and may be either fully insured or self-insured.
